4 sessions

Space is limited, register online.
Must attend all four sessions, no exceptions!

CANASTA-BEGINNERS SERIES

This four week course at the library gives an introductory overview of the rules and strategy to playing Canasta. This is for beginners!

Lori Greene has been teaching canasta privately and through continuing education programs for 5 years. She is passionate about the game and particularly loves how her groups have continued playing long after their lessons have ended. Lori previously worked as Vice President of Human Resources in investment banking and has held various part-time and volunteer positions while raising her two children. In her free time she enjoys cooking and entertaining. She is a 25 year resident of Armonk.
